DEDICATION

We, the Senior Class of 1963, do proudly and sincerely dedicate this edition of the WATSONIAN in memory of us.

TO THE PRINCIPAL

We dedicate this book to you for long spent hours of working with us. In all we do and where ever we go, we will always remember what you have done for us.

TO THE FACULTY

We dedicate this book to show our gratitude for your showing us patience through the many years. We shall always remember you.

TO OUR PARENTS

To you dear parents we especially give thanks and dedication--for it was through you that it was made possible to reach that glorious day of GRADUATION.

Class History

As we come to the end of a very successful journey, let us take a final look at some of the wonderful moments we shared.

Approximately forty eighth graders--some alert, some unaware, some wise--and oh yes, some lazy, arrived in the fall of 1958, prepared to begin the wonderful days of high school. Our guides were Miss Marian L. Jackson, James O. Malone, and Billy R. Hodge. Our interests were divided among:

Miss Jackson----English I and HPE (Girls)
Mr. Hill----------Algebra I and Math I
Mr. Ware---------Music and Social Studies
Mr. Walker----------Science
Mrs. Smith----------Art
Mrs. White----------Social Studies
Mr. Malone--General Business & HPE (Boys)

We learned recently that we were to be the first graduates to complete twelve years of study at Watson, so we were officially Freshmen this year. Preparing us were:

Mrs. Thompson-English II & World Geography
Mr. Hill-------Algebra II & Plane Geometry
Mr. Walker----------HPE
Mr. Ware----------Band & Choir
Mr. Malone----------General Business

Our class officers were: Oswald Rucker, President; Harry Helton, Vice-President; Robert Young, Secretary; Charles Laws, Treasurer.

In grade ten, we encountered some of our most difficult problems. But under the leadership of Mrs. M. S. White, we easily solved them. Assisting her were:

Mrs. Thompson----World History and English III
Mr. Hill----------Algebra II
Mr. Walker----------Biology
Mr. Ware----------Band and Choir
Miss Jackson----------HPE (Girls)
Mr. Hodge----------HPE (Boys)
Mr. Malone----------Typing I and HPE

Our class officers were: Nanette Robinson, President; Lee Wayne Holloway, Vice-President; Carolyn Scott, Recording Secretary; Joyce Caul, Financial Secretary; Rensey Murphy, Treasurer.

Although we've reached the Junior Class, only a few students have really buckled down and started doing their work. Steadily coaching were Mr. G. D. Hill, Jr., our homeroom teacher. Assisting were:

Miss Jackson----------French I & II, English IV
Mrs. White----------American History
Mr. Malone---------Bookkeeping, Typing I & II, HPE
Mr. Ware----------Band and Choir
Mr. Hill-Plane and Solid Geometry and Trigonometry

Our class officers were: Randall McKnight, President; James Hunter, Vice-President; Helen Mack, Secretary; Marian Persinger, Assistant Secretary; Sherman Holloway, Treasurer.

We could hardly believe that time had passed so quickly, but in the fall of '63, with much hard work and many unforgettable moments behind us, we thus reached the beginning of the close of another chapter of the most wonderful time in our life. Mr. G. D. Hill again played the role of "Father" this year guiding and advising us on important matters. Our teachers were:

Mr. Hill----------Government IV
Mr. Brown----------English V
Mr. Walker----------Chemistry
Mrs. Wilson----------Home Economics
Mrs. Thompson----------Economics
Mr. Greene----------Industrial Arts
Mr. Malone----Typing I & II, Shorthand I, General Business
Mr. Ware----------Band and Choir

Eleven seniors have the distinction of playing on undefeated football teams in '58, '61 and '62. They are: Sherman Holloway, Randall McKnight, Lee Wayne Holloway, Charles Burks, Theodore Ross, Frank Clark, Charles Laws, Marion Brown, Walter Burks, Oswald Rucker, and Harry Helton.

Many thanks to the faculty, parents, and community for everything you've done to make us the outstanding graduates of 1963.

Oswald Rucker--Helen M. Mack

CLASS POEM

Oh! Dear Watson High School
Now that we are through,
Our hearts fill with sorrow
At the thought of leaving you.

We hate to say goodbye
Although we know we must,
We'll always be thankful
For all you've done for us.

Our hearts are overflowing
As we give you well-earned praise,
And proudly Dear Watson High
A salute to you we raise.

And now Dear Alma Mater
It's time for us to part,
But all the wonderful memories
Will remain here in our hearts.

Helen M. Mack

Class Prophecy

Never in 1968 did we dream that someday we would actually be riding in space cars. After graduation, Charlie Burks worked diligently to design a space car. This year, 1971, marks the introduction of this new commercial space car, The U-Thant. Because of his distinguished service in the Marines, the designer has chosen Lee Wayne Holloway to be the test pilot of the U-Thant.

We met at the testing groung in Rhode Island. Naturally, when Watsonians get together, the principle topic is Watson and its graduates. Since the speed of the U-Thant is 1000 miles per second, we decided that we could easily see all the 1963 graduates in less than a day. Of course we needed to regulate the speed.

First we visited foreign countries, because many of our classmates have ventured far. We can now travel freely over all the continents. Because of the efforts of Robert Young, United Nations Mediator, and Raymond Drew, Secretary General of the United Nations, many interplanet entanglements have been alleviated.

In the Moscow courthouse, we find Wayne Wilson, the great lawyer who has won his fourth case in three months. His two efficient secretaries are Helen Mack and Peggy Jackson. A few blocks from the court house we see Frank Clark, Director of Special Education, and Charles Laws, head of Moscow's Athletic Department. Everywhere we turn in Russia, we find evidence of Watson and especially of the contributions of our classmates. Glancing through the newspaper, TRUTH UNABRIDGED, we find that the editor and journalist is none other than Dorothy Luckett. At the Moscow Naval Base we find Betty Whiteside and Bertha Cardwell teaching the children of American servicemen.

A ten minute flight in the U-Thant takes us to England. There we find Randall McKnight studying at Oxford University, where, incidentally, Oswald Ruther is Professor of Mathematics. Theodore Ross informs us that Roger Braxton is now a brilliant surgeon in Vienna, Austria. We learn that Walter Burks is head of the Austrian Health Department. Social workers in this department are Nanette Robinson and Frances Spencer. To our surprise, we discover that Alicia Martin and Sherman Holloway are married. Sherman owns a large trucking farm.

The U-Thant takes us to Africa where we find Rensey Murphy teaching the Africans in the field of Theology. A few miles away, we find that Harry Helton and Mary Adams have established a free elementary school for under privileged Africans. While inspecting their school, they tell us that Laura Wiley and Marion Brown are head of the Laosian Medical Research Center. Carolyn Scott is a medical secretary and Yvonne Jones is her assistant.

Lee Wayne speeds the U-Thant so that we arrive in Hawaii in five minutes. It was no surprise to find Joyce Caul, head of the English Department at the University of Hawaii.

Mary Adams suggests that we fly over to California. There we find Frances Helton designing clothes for Metro-Goldwyn-Meyer. Marian Persinger is a journalist for Hollywood's noted magazine, SCREEN.

Gee, it is almost dusk now. Our trip on the U-Thant has been wonderful. In a few months all our classmates will buy one, and we can visit each other more often. Wow!

We are back in Rhode Island already. Good-bye Charlie and Lee Wayne. I hope you have a safe trip home.
